

Trade-In Benefits

Trade-In Your Old Telephone System and receive up to £60.00* per connected and working desk-phone on your current system.

Has your existing telephone system reached or nearing the end of its life in terms of service support supplied by the manufacturer?

Do you currently have appropriate support should your existing telephony system fail? Unsure what to do if you experience an external line fault and your current provider says: "It is your equipment... do you accept the charges for an engineer's visit?" – This can be as much as £125.00 + VAT.

A new AASTRA 400 telephone system with inclusive maintenance (including remote support) and Avalon Telecom land-line management (rental and call charges) can offer a total telephony service with 'peace of mind' support.

Why Trade-In?

The tables below provide an overview of the features and facilities that come with a new AASTRA 400* system and support package:

Main AASTRA 400 Features Over many older systems connected to analogue lines	AASTRA 400	Your Existing System
Connection to Digital Lines ISDN 2e / ISDN 30e and VoIP		
Direct Dial In (DDI) to individuals or departments		
External Call Forwarding and Call Transfer e.g. to mobile phone		
Auto Attendant e.g. Press 1 for Sales, 2 for accounts etc.		
Call Recording to email (standard non secure recording)		
Call Queuing - caller to be told their place on inbound calls		
Voice Mail for individuals or departments		
Voice Mail to Email notification (with or without message)		
Remote / Home Worker(s) connection via VoIP telephony		
Computer & Telephone Integration e.g. click to dial from screen		
Easy System Administration via web browser interface		
Remote Systems Support - reducing the need for engineer visits		

We supply all new AASTRA 400 Telephone Systems with a 2-year inclusive Maintenance Contract¹

When coupled with our land-line management service for competitive call charges and line rentals we can provide 'peace of mind' priority cover with protection against unnecessary BT OpenReach call-outs.

Please see our Maintenance Information Card for more details.

¹ 5-year minimum contact period applies. Years 3, 4 and 5 will be invoiced on the anniversary installation date. Minimum contract - £180 per annum.

* AASTRA 400 requires connection to digital ISDN / VoIP lines. Upgrade maybe required.
