

Upgrade Offer

Upgrade Your AASTRA IntelliGate Telephone System and save up to 30% against manufacturers RRP* on the main system, control unit, internal cards and any associated licensing e.g. Call Recording.

Why Upgrade?

After September 2015, the AASTRA IntelliGate system will have reached the end of its servicing life and will no longer be supported by the manufacturer. However, Avalon Telecom will look to extend this time frame as long as spare hardware parts (e.g. main system box and internal cards) are available.
